

The SOLO 414 residential sprayer. These sprayers are lightweight and require no pumping; which makes an already-simple operation even simpler. Moreover, the unit incorporates a carrying system for your additional comfort. An easy grip shut-off valve reduces fatigue, while a battery compartment on the side of the sprayer allows for no-fuss removal of the Li-lo battery.

414

- 1 UV resistant tank with 10l nominal volume
- 2 The 10.8V/2.5Ah li-lo battery allows approx. 3.5 hrs of spraying. The recharge time for the battery is 2.5 hrs.
- 3 Large opening and lid with carrying handle
- 4 Adjustable nozzle
- 5 40cm robust wand and shut-off valve assembly
- 6 Long spray hose

MODEL	414
Total capacity	10l
Voltage	10.8 V
Current flow	0.75 A
Battery capacity	2.5 Ah
Working time	3.5 hrs
Charging time	2.5 hrs
Flow	1.15 l/min
Output	241l
Net Weight	2.75 kg
